

MEET YOUR COACH

Junior Programme Director

Martin Senaj

Coach **Martin** is a former pro tennis player from Slovakia, who has been spending more hours on a tennis court than anywhere else. With 8 years of tennis coaching experience, he would like to continue his tennis journey worldwide and spread his knowledge gained throughout his career.

“I remember when I started playing tennis, people used to write me off because I started too late, at the age of 10, without a tennis coach.”
– Martin. That same year, Martin became a champion of the Eastern Slovakia and got his nickname, “Wonderkid”. After this achievement, Martin got under the wings of the best youth tennis coach in the country, Jozef Maras, who helped him to become one of the best players in Slovakia and holder of over 20 titles.

Martin will be the new head of the British Club Junior Tennis Programme. His goal will be to teach the children everything he has acquired throughout his career as a pro player and a coach.

Martin is organized, enthusiastic, energetic and will make the children fall in love with tennis.
