

# MEET YOUR COACH

Part-time Performance Coach

**Reuben** Anand Thyagarajan

Coach **Reuben** is deeply passionate about tennis and the holistic development of his students from the technical, mental and fitness aspects of the game. He is internationally certified through Oscar Wegner's 'MTM' coaching system and has a wealth of coaching experience across all types of players.

Previously based in Australia, Reuben developed and led tennis programmes for intermediate, advanced and competitive level players in a university setting. These programs incorporated an integrated approach that included coaching, touring and competitive play. During this time, he was also involved with operations at the Australian Open and developed a strong background in planning and managing tennis events and tournaments.

In the past years, he has also broadened his experience by working with kids and recreational players at Indonesia, Malaysia and Singapore. Coach Reuben is engaging and fun, yet focused on seeing players improve and reach their full potential.
